## BURFORD ANNOUNCES UPDATE ON PROPOSED NYSE LISTING

### *Burford expands investor relations function*

Burford Capital Limited (“Burford Capital” or “Burford” or “the Company”), the leading global finance and asset management firm focused on law, today announced that the US Securities and Exchange Commission (“SEC”) has completed its review of Burford’s Form 20-F registration statement.

As previously noted, some administrative and mechanical matters will now need to occur prior to the commencement of trading of Burford’s ordinary shares on the New York Stock Exchange (“NYSE”), in addition to continuing trading on London Stock Exchange AIM. Burford will shortly communicate with shareholders about those matters. Once they are complete, it is anticipated that trading on the NYSE will commence on Monday 19 October.

In anticipation of the US listing, Burford has expanded its investor relations function.

- Robert Bailhache, who has been with Burford full-time since September 2019 and has been a close external adviser since Burford’s IPO in 2009, will become Head of Investor Relations, EMEA and Asia, based in London
- James Ballan has joined Burford as Head of Investor Relations, Americas, based in New York. Mr. Ballan has a decade of senior IR experience at specialty finance firms, most recently as Director, Investor Relations at CIT Group (NYSE: CIT), and has a further 20 years of Wall Street experience in banking and as a senior sell-side research analyst
- Brian Tracy, who has been with Burford since 2017, continues to run Burford’s private funds IR function as Head of Investor Relations, Private Funds, based in Chicago

### **Christopher Bogart, CEO of Burford, commented:**

“Today marks a significant step in Burford’s evolution, as well as proving our leadership in the further institutionalisation of legal finance in global capital markets. We expect our US listing to create a positive symbiosis for our business, serving to increase the pool of investors able to invest in Burford’s shares while also more broadly raising our profile in the US capital markets. In time, both these developments may lower Burford’s cost of capital. Furthermore, as the first legal finance firm to list its shares on a US stock exchange and become subject to NYSE and SEC regulation, we are choosing to submit ourselves, corporately and individually, to the rigour of the world’s most well-regarded securities regulatory framework.”

*This communication shall not constitute an offer to sell or the solicitation of an offer to buy any ordinary shares or other securities of Burford.*
