

Burford Capital (UK) Limited ANALYST (RESEARCH)

London, UK

Burford Capital is the leading global finance and asset management firm focused on law. Its businesses include [litigation finance](#) and [risk management](#), [asset recovery](#) and a wide range of legal finance and advisory activities. Burford is publicly traded on the New York Stock Exchange (NYSE: BUR) and the London Stock Exchange (LSE: BUR), and it works with law firms and clients around the world from its principal offices in New York, London, Chicago, Washington, Singapore and Sydney.

Burford Capital is hiring an investigative research analyst to join our Asset Recovery team. The role is primarily research-driven with responsibility for supporting complex international asset tracing cases, fraud investigations, and ongoing legal proceedings. This is an exciting opportunity to join a leading corporate investigations team ranked one of only two 'Tier One' firms in the investigations sector.

The role will report to Michael Redman and Daniel Hall and be based primarily in Burford's London office.

COMPANY OVERVIEW

Burford Capital is the largest and most experienced provider of commercial finance to the legal sector in the world, with a core expertise in identifying and optimizing the value of legal assets for companies and law firms. Since its founding in 2009, Burford has worked with hundreds of law firms and corporations, including 93 of the AmLaw 100 and 89 of the Global 100 largest law firms. Our team has grown from five people at the end of 2009 to over 130 people today, including some 60 lawyers.

Burford possesses the resources and expertise of a large company but retains the flexibility and creativity of a startup. Team members are smart, ambitious, collaborative, curious and confident. Everyone rolls up their sleeves to perform and engage collectively for the overall success of the business. Burford values rigorous thinking, clear communication and efficient execution.

Burford pays base salaries consistent with the financial services industry and favours incentive compensation to reward performance. Burford Capital is committed to increasing diversity, and maintaining an inclusive workplace culture. We welcome applications from all qualified candidates regardless of their ethnicity, race, gender, religious beliefs, sexual orientation, age, marital status, whether or not they have a disability.

POSITION REQUIREMENTS

- A demonstrable track record of working in a team
- Participation in a wide range of complex multi-jurisdictional asset tracing and recovery assignments.
- Primary responsibility for conducting case research. Including identifying and collating information from a variety of sources, including international public record material, client/source documentation, and legal discovery.
- Comprehensive review and analysis of research materials, including financial records, corporate structures, and legal filings.
- Producing professional, client-ready briefing notes, reports, and charts.
- Interacting directly with clients, legal case teams, and subcontractors.
- Assisting in the scoping of new casework, preparation of proposals, and the factual aspects of internal memoranda.
- Identifying and developing new research tools, methodologies, and information sources.

SKILLS DESIRED

Essential

- Two to four years' experience of investigations and/or litigation support.
- Exceptional English-language communication skills, both written and oral, with the ability to explain complex events and concepts in clear and concise terms.
- Track record of delivering high quality briefing notes and reports.
- Ability to comfortably give and receive feedback in a collaborative team environment.
- Ability to manage a varied, demanding caseload to ensure timely delivery of project work product.
- Willingness to contribute to the wider research teams' knowledge sharing and development, and dedication to raise and maintain standards across the team.
- Proficiency with Microsoft Office and i2.

Desirable

- Demonstrable experience of asset tracing and enforcement litigation.
- Awareness of the litigation process and its requisite evidential standards.
- Familiarity with legal research and concepts, including disclosure and enforcement mechanisms in various jurisdictions.
- Proficiency in a second language such as Arabic, French, Russian, and Spanish.
- Ability and willingness to travel if required.
- General awareness of litigation finance.

SUMMARY

The Analyst will play a valued research role within the Asset Recovery Team and be a critical component of the team's success. Therefore, it is imperative that this individual possesses an approachable, interpersonal style, driven more by results and teamwork than by seeking the limelight. This individual will have the gravitas, track record and operational capability to be able to drive cases forward and be a key member of the firm's research professionals and the wider team more generally.

We are committed to protecting the privacy and security of your personal data. In submitting an application for this role, you acknowledge that Burford will collect and use your personal data in accordance with our Privacy Notice, the link to which is [here](#).
