**COMPLETED PURCHASES OF ORDINARY SHARES FOR
BURFORD EMPLOYEE DEFERRED COMPENSATION PLAN**

Burford Capital Limited, the leading global finance and asset management firm focused on law, today announces the purchase of 29,278 of Burford's ordinary shares of nil par value ("Shares") by Burford Capital LLC in connection with obligations under the Burford employee deferred compensation plan. All of the Shares were purchased on the London Stock Exchange on May 12, 2022 at an average price of 610.9253p per Share.

Burford announced on April 1, 2022, that it intended to purchase Shares on the open market, among other things, in connection with obligations under the Burford employee deferred compensation plan.

It is expected that Burford's service providers will continue purchasing the Shares for such purpose on the open market until it has acquired approximately 468,000 Shares. This represents an increase of approximately 18,000 Shares from the aggregate number of Shares that was expected to be purchased for the Burford employee deferred compensation plan at the time of Burford's announcement on April 1, 2022 (less 150,000 Shares purchased to satisfy vested awards made under Burford Capital's 2016 Long Term Incentive Plan as previously announced on April 13, 2022) and is a result of final information regarding elections by Burford employees pursuant to the Burford employee deferred compensation plan.

Further details about the Burford employee deferred compensation plan can be found in Burford's Annual Report on Form 20-F for the year ended December 31, 2021 filed with the US Securities and Exchange Commission on March 29, 2022. In essence, Burford employees are able to elect to defer cash compensation, without incurring current taxes, into the Burford employee deferred compensation plan, which in turn permits the full amount of that deferred compensation to be allocated to the Shares (or for other investment options). It is intended that, as previously announced, the Burford employee deferred compensation plan will then buy the Shares on the open market. This is a tax-efficient way for employees to continue to accumulate exposure to the Shares.
