### **Forward-looking statements**

This notice contains “forward-looking statements” within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, regarding assumptions, expectations, projections, intentions and beliefs about future events. These statements are intended as “forward-looking statements”. In some cases, predictive, future-tense or forward-looking words such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “forecast”, “guidance”, “intend”, “may”, “plan”, “potential”, “predict”, “projected”, “should” or “will” or the negative of such terms or other comparable terminology are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. In addition, Burford and its representatives may from time to time make other oral or written statements which are forward-looking statements, including in Burford’s periodic reports that Burford files with, or furnishes to, the US Securities and Exchange Commission, other information sent to its security holders and other written materials. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. Burford cautions you that forward-looking statements are not guarantees of future performance and are based on numerous assumptions, expectations, projections, intentions and beliefs and that Burford’s actual results of operations, including its financial position and liquidity, and the development of the industry in which it operates, may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this notice. Significant factors that may cause actual results to differ from those Burford expects include those discussed under “Risk Factors” in its Annual Report on Form 20-F filed with the US Securities and Exchange Commission on March 29, 2022 and other reports or documents that Burford files with, or furnishes to, the US Securities and Exchange Commission from time to time. In addition, even if Burford’s results of operations, including its financial position and liquidity, and the development of the industry in which it operates, are consistent with the forward-looking statements contained in this notice, those results of operations or developments may not be indicative of results of operations or developments in subsequent periods.

Except as required by law, Burford undertakes no obligation to update or revise the forward-looking statements contained in this notice, whether as a result of new information, future events or otherwise.
