

Burford Capital Limited Senior Salesforce Administrator

Burford Capital is the leading global finance and asset management firm focused on law. Its businesses include [litigation finance](#) and [risk management](#), [asset recovery](#) and a wide range of legal finance and advisory activities. Burford is publicly traded on the New York Stock Exchange (NYSE: BUR) and the London Stock Exchange (LSE: BUR), and it works with companies and law firms around the world from its principal offices in New York, London, Chicago, Washington, Singapore and Sydney.

The Firm has created a Senior Salesforce Administrator position who will be responsible for the overall maintenance, configuration, and day-to-day support of our platform and users. This position plays a vital role in supporting the ongoing growth and development of Burford's most significant technical function.

SUMMARY

The Senior Salesforce Administrator will play a critical role in the design, development and growth of the firm's most important technology platform. Their expertise will contribute to evolution of the firm's operational business processes. Through exceptional reporting/analysis, troubleshooting, evaluating, resolving issues and proposing custom solutions, this individual will provide high value support across all areas of the business. Therefore, it is imperative that this individual have a deep understanding of Salesforce's capabilities, architecture, and best practices usages.

The Administrator will be a proactive and ambitious team member, willing to lend their knowledge and support, dig in deep and do whatever is needed to accomplish results. They will be a trusted partner within the Salesforce team. This individual will possess the analytic skills and technical know-how to help implement solutions in our technology landscape that will positively impact all aspects of Burford's operations. Given that Burford's business is located at the unique intersection of finance and law, it is an excellent opportunity for a Salesforce specialist seeking an "outside the box" position to enjoy applying their ingenuity and creativity to solving our business challenges via Salesforce.

The role will report to the Salesforce Product Manager, and be based in Burford's New York or Chicago office.
